

TERRARIUM GARDENING 101

Explore the fascinating world of terrariums and then make your own.

Learn to create and care for your own miniature garden inside a small glass or plastic container. We'll bring the materials. You bring the creativity!

You'll discover the history of terrariums, the best plants to use, along with essential techniques for care and maintenance.

Each participant will design and build a beautiful miniature terrarium to take home. You'll also get plant and materials lists.

Join us for this fun and educational experience that brings a bit of nature indoors!
